# Erratum to: Quality of reporting of randomised controlled trials in chiropractic using the CONSORT checklist

Fay Karpouzis<sup>1\*</sup>, Rod Bonello<sup>2</sup>, Mario Pribicevic<sup>3</sup>, Allan Kalamir<sup>3</sup> and Benjamin T. Brown<sup>3</sup>

## Erratum

It has been brought to our attention that the last statement in the Results section of the Abstract of this article [1] is incorrect. This currently reads as: “Multivariate regression analysis, revealed that year of publication ( $t_{32} = 5.17$ ,  $p = 0.000$ , 95 % CI: 0.76, 1.76), and sample size ( $t_{32} = 3.01$ ,  $p = 0.005$ , 95 % CI: 1.36, 7.02), were the only two factors associated with reporting quality”. The error is the test statistic for the year of publication. It should be: “Multivariate regression analysis, revealed that year of publication ( $t_{32} = 1.26$ ,  $p = 0.000$ , 95 % CI: 0.76, 1.76), and sample size ( $t_{32} = 3.01$ ,  $p = 0.005$ , 95 % CI: 1.36, 7.02), were the only two factors associated with reporting quality”.
